### Ask yourself these QUESTIONS!

- Are you paying too much for your Civil Engineering Technology Software?
- Are you happy with your current Civil Engineering .dwg design software?
- Are you open to looking at a software company that offers an alternative solution for Civil Design?
- Does the price of what you're paying for 3D Civil Design Software concern you?
- Is there another 3D Civil Design software out there that works on AutoCAD?
- After looking at the 'options' of your existing CAD Civil Design Software, do you feel it's a good option or investment?

**Feel free to join us looking at the following from Carlson Software.**
